WORCESTER DIRECTORY

1864-5

CHILSON'S CONE FURNACE,

FIVE SIZES.

A CHALLENGE TO THE WORLD.

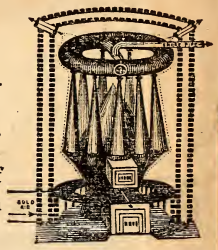
A GOLD MEDAL

AWARDED BY THE

Mass. Charitable Mechanic Association

FAIR OF 1856.

Patented in the United States, England & France.

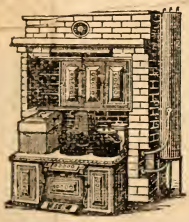


No person will be likely to use any other kind of Furnace long, after once understanding the principle upon which the CONE FURNACE is constructed.

CHILSON'S

Patent Elevated

DOUBLE-OVEN COOKING-RANGE.



The great popularity of this Range, as proved by the use of some THREE THOUSAND RANGES, will induce almost every person in want of a COMPLETE COOKING APPARATUS to give it a decided preference over any other pattern known. It is entirely new in principle, having 5 claims patented for improvements not found in any other Range, and overcoming all their objections. Its unparalleled economy in the use of fuel; its quick and even-baking ovens; its patent self-regulating flues around the ovens, *without the use of dampers; its cast flue-plates around the ovens;* and its superior, fine, heavy castings, are improvements that will be appreciated by every housekeeper.

Different sizes, adapted for Family or Hotel use, with or without water-backs, hot-air fixtures, and hot closets, together with

Furnaces, Stoves, Mantels,

GRATES, REGISTERS, VENTILATORS, &c., at

99 & 101 Blackstone St., Boston.

FOUNDRY AT MANSFIELD, MASS.

GARDNER CHILSON.

P. S. These ovens will brown articles baked, equally well upon top, bottom and sides.

THE WORCESTER DIRECTORY FOR 1865

Is at length offered by the publisher for the acceptance of his fellow citizens. Circumstances beyond his control, which will probably be avoided in future, have delayed the publication two or three weeks, but he trusts its greater completeness will in part compensate for this delay.

The present is the 22d annual volume of the Worcester Directory issued by the subscriber as editor and publisher, and all previous to this have also been printed by him. The first was issued in 1844, when the population was very much smaller than now, the whole number of names being less than 1300; and the price was fixed so low as to ensure its general use by the people, a portion of the cost being defrayed by the advertising patronage, rendered valuable by its extensive circulation. Its price is much lower, and its circulation much larger, than any other Directory in Massachusetts out of Boston.

The greatly increased cost of paper and most other items in the manufacture of the Directory, (nearly three times greater than three years ago,) has rendered a small advance in price necessary, and prevented several projected improvements, which we hope to make in the next issue. But no saving has been attempted in the making up the list of names, or in any other point essential to its accuracy. Great care has been taken to avoid errors; and though mistakes and omissions will doubtless be detected, we are proud to offer the Worcester Directory for comparison, as to general accuracy and fullness, with any other Directory published in the country.

Some idea of the labor of making up the list of names, and the liability to mistakes, may be formed from the fact, that our list contains 8759 names, or 705 more than last year. Of these, 2718 are new names, 2675 others have been changed as to residence, business, &c., and 2013 have been erased, leaving only 3366 of the 8054 names in last year's Directory standing without change. The information on which these changes have been made has been procured by personal application at nearly every house and place of business in the city; and while most persons responded to our inquiries kindly and promptly, quite a number either refused all information, or gave false answers. Some of these were afterwards corrected, and some, who are most likely to be inquired for by officers, letter carriers, &c., remain hidden behind fictitious names and locations.

In the Advertising Department of the Directory will be found much that may be read with interest and profit by all, and we respectfully commend that portion of the work to those who have occasion to purchase goods of any kind, or employ any of the many kinds of mechanics there represented.

HENRY J. HOWLAND.

CITY GOVERNMENT FOR 1865.

MAYOR,

PHINEHAS BALL.

AQUEDUCTS.

THE BELL POND AQUEDUCT, its supply of water having been considerably enlarged by the new feeder on the Putnam farm, has furnished a fair supply through the past season to all who have heretofore used it; but the great increase of population and business since that aqueduct was laid down, has created a necessity for a greatly increased amount of that indispensible fluid. This want has been met during the past year by the construction of the

NIPNET POND AQUEDUCT. Nipnet pond is the name given to the storing reservoir, formed by building a dam across Lynde brook, on the Waite farm in Leicester. The dam is nearly completed, and when finished the pond will hold about 230.000.000 gallons of water. The main pipe is laid from the pond to Myrtle street, nearly four miles and a half, where it is connected with the pipes of Bell Pond Aqueduct, and the permanent "meeting of the waters" was effected Dec. 20, 1864. Pipes have also been laid in Jackson, Southbridge, Providence and Bloomingdale sts. and from Main st. to the Adriatic mills, amounting to not far from 10.000 feet. The cost so far is about $101.000, and it will cost some $21.000 to complete the work as proposed.

A trial of the water works, to test their availability in case of fire, is thus described in the Spy:

"At the Old South Church, with three streams running, a solid stream of an inch and a quarter, was thrown upon the belfry with the greatest ease. At Clark's Block (a four story building), with four streams running, the water was thrown twenty feet above the roof, and no difficulty was found in throwing a solid stream upon the highest part of the City Bank Block. At the lower end of Main street, where the main pipe is only five inches in diameter, the streams were not so forcible, but it was demonstrated that four strong streams can in case of necessity, be thrown upon the roof of any building in the vicinity, and on Thomas street the result was equally satisfactory".

The demand for the water for manufacturing and other purposes, as already indicated, will doubtless yield sufficient income to pay the interest on the cost of the entire work, in addition to the vastly greater security afforded in case of fire.

All kinds of COPPER WORK made to order. PLUMBING, in all its branches, done at the shortest notice. Orders from the neighboring towns promptly attended to.

DRAIN PIPE OF ALL SIZES.

SYMPTOMS OF CATARRH.

BY DRS. LIGHTHILL.

The first sensation is usually a feeling of dryness and heat in the nose, and a frequent inclination to sneezing. There is an inability to breathe freely, as the nose becomes stopped up, sometimes on one side, sometimes on the other.

Soon a clear, watery, acrid discharge makes it appearance, excoriating the nostrils and edges of the lips, which become red and somewhat swollen. After a few days the discharge becomes thick, yellowish, extremely frequent, and continues to be a marked feature of the disease, and a source of much danger and the greatest annoyance. After more or less time, it becomes purulent, highly offensive, and assumes an extremely fetid odor. It is usually so profuse as to require, when confined to the nose, the frequent application of the handkerchief, or, if it drops into the throat, which is more particularly the case while the body is in a horizontal position, constant expectoration, and sometimes both.

Sleep is frequently disturbed by a sensation of choking, caused by the presence of the discharge in the throat. Owing to the heat in the head the watery portion of the discharge often evaporates, and assuming a condition of solidity, is deposited upon the membrane of the nose and upper part of the throat in the shape of crusts or hardened lumps. The accumulation of these incrustations produces a feeling of discomfort, and narrows the nasal passages so as to embarrass respiration. Therefore, frequent efforts have to be made to remove them, either by forcibly blowing the nose or by persistent hawking, a practice as disagreeable to the one affected as it is to those around him. After the removal, that side of the incrustation which adhered to the mucus membrane will sometimes be found bloody, a fact which explains the force required for its dislodgment. During sleep these incrustations accumulate more rapidly, and the feeling is therefore most uncomfortable in the morning. Sometimes all efforts to clear the throat are futile until after breakfast or after something warm is swallowed. Some patients state that they are not successful until they have swallowed some whiskey or brandy. The discharge which is at first without smell, assumes in the progress of the complaint an excessively fetid odor, the breath participates in this, and becomes occasionally so revoltingly offensive as to render the patient an object of disgust to himself as well as to others. Ulceration of the mucous membrane of the nose takes place frequently sometimes even attacking the bones, when small particles of that substance will occasionally be found mixed with the discharge. The accumulation of the discharge, together with the thickened condition of the mucus membrane, renders respiration through the nasal passages very difficult, and oftentimes impossible, necessitating respiration principally through the mouth—a method very deleterious to the general health, but more particularly so to the lungs as will be shown hereafter. The unpleasant noise produced during sleep, known as snoring originates from the same cause. The voice loses its musical quality and assumes a discordant, harsh and nasal character; the sense of smell becomes much impaired or entirely lost, and the same effect, though less frequent, is produced on the sense of taste. Occasionally while blowing the nose, a crackling or babbling sound will be heard in the ear, and hearing will be found thick and stopped up, but returns suddenly with something like a snapping sound. This phenomenon is usually repeated until, at one time, hearing does not return, and remains permanently injured. Noises in the head of every conceivable description will make their appearance and add to the distress of the sufferer, and hearing may be lost so gradually that a considerable degree of deafness may exist before the person is really aware of the fact. The eyes are apt to become weak, irritable and disposed to water on exposure to cold and wind, or after the slightest exertion. A pain, more or less acute, or a distressing feeling pressure, is experienced over the eyes, and sometimes on the top or back of the head, and also pain in the face, closely resembling neuralgia, for which it is very often mistaken. The distress in the head weakens the memory and produces irritability and moroseness of disposition. The stomach generally suffers more or less, is weak and irritable; the appetite is capricious and is nearly always bad in the morning. In severe cases the system becomes feeble and prostrated, and there is an aversion or inability to either physical or mental exertion. Not unfrequently Catarrh proves fatal, either by debilitating the system and wearing out the patient, or by traveling downward and producing throat affection, Bronchitis, and finally CONSUMPTION. It may be safely asserted that after hereditary predisposition, Catarrh is the most frequent and important cause of this fatal complaint.

The symptoms of Catarrh vary considerably in different individuals, and the degree of their severity depends upon constitutional idiosyncracies and various external influences. With some the complaint continues for a number of years in a mild form, and without causing any of the injurious results above described, while with others all the worst effects are produced in a very short space of time, and cases, apparently most harmless, may through imprudent exposure, additional cold, or unfavorable changes of weather, suddenly exhibit all the violence and malignity which characterizes the severest ones.

With certain individuals the disease assumes periodicity, attacking them regularly each year, at certain seasons, as in the early part of spring, when the roses are in bloom, and hence the name, Rose Catarrh; or in midsummer, during haying time, when it is known as Hay Catarrh. Some can tell the exact day, and even the hour of attack. They usually claim to be entirely relieved of the difficulty in the intervals, but we have reason to suppose that symptoms of the complaint are constantly present in some mild form or other, which are roused into activity by the odor peculiar to roses or new-mown hay, with which the atmosphere is impregnated during the seasons just mentioned. The comparative quiet enjoyed in the intervals, no doubt leads to the belief, that the complaint has ceased entirely.

DRS. LIGHTHILL Treat Catarrh, Deafness, &c., at No. 20, Boylston St., Boston, between the hours of 9 A. M., and 3 P. M.

MEDICAL HYDROKONIA.

A Safe, Efficient and Rational Treatment of

NASAL CATARRH.

Entered according to act of Congress, in the year Eighteen Hundred and Sixty-three, in the Clerk's Office of the District Court of the State of Massachusetts, by

DR. S. CLESSON PRATT,

Principal of Tremont Eye and Ear Institute, Boston; Lecturer on Diseases of the Organs of Special Sense; Author of the Medical Specialist, Atmisteria, etc.

HYDROKONIA

Comprises a combination of specific remedies adapted to the *local* and *constitutional* treatment of Nasal Catarrh, differing both in *use* and *effect* from all other modes and practices for this alarmingly prevalent and dangerous disease. It has been thoroughly tested in more than three thousand cases in this city, and when persistently used the result is always infallibly the same, viz., to heal the *local* disease, while it changes the diathesis, or *constitutional* tendency upon which the *catarrhal secretion* depends; for, let it be remembered that Nasal Catarrh is as really a consumption of the blood and fluids of the body (only in a less degree) as when *neglected* it has reached the lungs.

THE MEDICAL SPECIALIST

Is *mailed* to any address upon the receipt of price—25 cents.

THE UNDERSIGNED, AGENT FOR

PENACOOK, BALL & CO.'S

CELEBRATED

Eureka Lubric Oils, Paint Oils,

AND VARNISHES,

INVITES ATTENTION TO THE FOLLOWING:

The A. Oil is specially adapted to all fine and rapid-running machinery, and is the only MANUFACTURED OIL that has successfully Lubricated Cotton and Woolen Machinery. It resists effects of cold, is absolutely free from gum or gluten, and as durable as the best Sperm, while it is sold at about half the price.

The B. OIL is heavier, and peculiarly adapted to Engines, Cars, Grist and Saw Mills, Planing Mills, Machine Shops, Steamboats, and all lubrication where Lard Oil is used. It resists the cold nearly equal to sperm, and is, in every respect, superior to the best Lard Oil, and at least one-third cheaper.

The EUREKA PAINT OIL, is in every way equal to the Linseed Oil for mixing Paints; requires no boiling; about half the dryer; goes farther, makes a hard, smooth surface, and is much cheaper than Linseed Oil.

The VARNISHES are unexcelled. They do not crack, and their great beauty and durability are giving the most entire satisfaction.

Numerous Certificates from Cotton, Woolen, and other manufactories at our Office.

ROBERT RHODES,

31-2 and 4 India Wharf, near Broad St., Boston,

GENERAL AGENT FOR NEW ENGLAND.

GET THE BEST!

WEBSTER'S DICTIONARY,

NEW ILLUSTRATED EDITION. 1864.

10.000 Words and Meanings not found in other Dictionaries.

Over **3000** *Fine Engravings*, 1840 *pp. Royal Quarto.*

☞This is an entirely new and thoroughly revised edition of this great National Work, making it unquestionably the

LATEST AND BEST

Dictionary of the language. More than *thirty years* of earnest literary labor have been spent on this revision alone. Each important department has had the supervision of some gentleman specially qualified for the task; as the *Military Terms*, by Professor and Captain Craighill of West Point; *Engineering*, by A. L. Holley, Esq.; *Legal Terms*, by Judge Perkins; *Geology* and *Natural Science*, by Professor Dana; *Etymology*, by Dr. Mahn, of Europe; and, in all, a corps of more than thirty gentlemen. No further change or improvement can be requisite for many years, and we can now safely purchase

A Standard Dictionary for Life.

Glad to add my testimony in its favor.
[*Pres. Walker, of Harvard.*]

Every scholar knows its value.
[*W. H. Prescott, the Historian.*]

The most complete Dictionary of the language.
[*Dr. Dick, of Scotland.*]

The best guide of Students of our language.
[*John G. Whittier.*]

He will transmit his name to latest posterity.
[*Chancellor Kent.*]

Etymological part surpasses anything by earlier laborers.
[*George Bancroft.*]

Bearing relation to Language the Principia does to Philosophy. [*Elihu Burritt.*

Excels all others in defining scientific terms.
[*Pres. Hitchcock.*]

So far as I know, best defining Dictionary.
[*Horace Mann.*]

Take it all together, the surpassing work.
[*Smart, the English orthœpist.*]

WEBSTER'S SCHOOL DICTIONARIES,

Viz., I. The Primary. II. Common School. III. High School. IV. Academy. V. Counting House. VI. University.

These popular School Dictionaries having been thoroughly revised within the last three or four years, being extensively regarded as the Standard authority in Othography, Definition, and Pronunciation, and as the BEST Dictionaries in use, are respectfully commended to teachers and others. They are much more extensively sold and used than all others combined.

Sold by all Booksellers.

DURYEAS' MAIZENA

RECEIVED TWO PRIZE MEDALS

(From Juries 3 and 4,) at the

INTERNATIONAL EXHIBITION,

LONDON, 1862,

Being Sole Awards gained by any thing of the kind. It also received Superlative Report of

"Exceeding Excellent For Food."

MAIZENA,

At the GREAT INTERNATIONAL EXHIBITION at HAMBURG, July, 1863, received the highest Prize Medal for its great delicacy as an article of food.

MAIZENA,

At the FAIR of the NEW YORK STATE AGRICULTURAL SOCIETY, at Utica New York, Sept., 1863, received both DIPLOMA and MEDAL.

MAIZENA,

At the PENNSYLVANIA STATE FAIR, at Norristown, Oct. 3, 1863, TOOK GOLD MEDAL.

"MAIZENA" has also taken the First Premium at the *American Institute*, New York City, *New Jersey State Fair*, at Trenton; and at other places, in every instance, where it has been exhibited.

"Maizena" has never failed to receive the highest award when placed in competition with Corn Starch and all Articles of like character, after a thorough Microscopical and Analytical Examination of disinterested judges. It therefore stands commended to the public as the best article of its kind in the world, without any Comments of the manufacturer.

MAIZENA,

Makes Puddings, Cakes, Custards, Blanc Mange, &c., without isinglass, with few or no eggs, at a cost astonishing the most economical. It is also excellent for thickening sweet sauces, gravies for fish and meat, soups, &c. For Ice Cream, nothing can compare with it. A little boiled in milk will produce rich Cream for Coffee, Chocolate, Tea, &c

A most delicious article of food for children and invalids of all ages. For sale by Grocers and Druggists everywhere.

Put up in one pound packages under the trade mark "MAIZENA," and with directions for use.

Wholesale Depot, 166 FULTON ST., NEW YORK.

WILLIAM DURYEA, General Agent,

Duryeas' SUPERIOR & SATIN GLOSS STARCH.

Also recieved the highest Prizes at all of the above Exhibitions.

EDUCATIONAL AND BUSINESS INFORMATION.

Public Schools.

There are seventy-two public schools in Worcester, instructed and managed by eighty-four female and six male teachers. The amount raised by taxation for the support of the public schools for 1864-5 was $42,000. No. of minors between 5 and 15 years of age, 4929—increase in one year, 119.

The schools in the centre are in six grades, the courses of study requiring two years in each grade except the High School, which requires four years. Those in New Worcester, South Worcester and Quinsigamond are all graded, the first having three and the others two grades each.

Besides the graded schools in the centre, one has been established for truants and scholars of irregular habits, taking the place of the Apprentices School, but continuing through the year, and an Evening School during the winter months, both by the same teacher, which have been quite successful in relieving the other schools of pupils who could not profitably attend them, and in providing the means of education for many whose age or employment during the day prevents their attending the other schools.

Still another school has been commenced, at the City Farm, "designed to furnish to habitual truants, incipient vagabonds, juvenile criminals, the houseless and vicious, a good school and a pleasant home, with comparative freedom from temptation, where they may be properly disciplined, and be taught habits of cleanliness, industry, and cheerful submission to the authority of law; in short, to save them from becoming by and by a burden to society and a curse to themselves."

The range of studies in the public schools includes all branches, from the Alphabet to the Higher English studies, and Latin, Greek and French languages.

The schools are under the general charge of a committee of twenty-four, (eight being elected each year, and serving three years,) whose deliberations are presided over by the Mayor. Besides the supervision of the committee, the scholars have the benefit of the entire services of the superintendent, Rev. J. D. E. Jones, which have proved very useful and economical.

The office of the Superintendent is in the City Hall, where he may usually be found from 8 to 9 and 12 to 1 o'clock daily, when the schools are in session.

The school year commences on the second Monday in May, and is divided into four terms, comprising forty-three weeks, and commencing respectively on the second Monday in May, the first Monday in September, the Monday after Thanksgiving, and the last Monday in February.

The Annual Examination is made at the close of the Spring term, and promotions are made only at that time, except in special cases, to be voted by the Board.

The Vacations in all the schools, except the Suburban, are: six weeks preceding the first Monday in September; Thanksgiving week: one week preceding the last Monday in February: and one week preceding the second Monday in May.

Gymnastic Exercises have been introduced into some of the public schools, and will doubtless prove useful and healthful.

Instruction in Music is now regularly given in the High, Grammar and Secondary Schools by Mr. I. N. Metcalf.

Twenty SILVER MEDALS are annually awarded from the income of the Bullock fund, to pupils in the High School who excel in the several branches pursued there.

Private Schools, of various grades, abound in the city. Among the more prominent of these are Mr. Metcalf's "Highland Military School," for boys, on Salisbury street: Rev. Mr. Shepardson's "Oread Institute," on a romantic eminence west from City Hall; the Worcester Academy, corner of Belmont and Summer Sts., A. P. S. Stuart, Principal; Prof. Bushee's Young Ladies Institute in Clark's Block, which are boarding schools of high grade, and receive many scholars from abroad. There are also several private schools for smaller scholars.

The College of the Holy Cross, situated on the beautiful eminence formerly known as Pakachoag hill, now as Mt. St. James, is designed exclusively for the education of young persons of the Catholic faith. Rev. James Clarke, S. J., is President: and he is assisted by a full board of Professors.

Worcester Co. Mechanics Association. This Association provides a course of Lectures each winter, the use of a choice library of more than 1400 volumes, and of a very pleasant, nicely fitted-up and well-supplied reading room, open from 9 A. M. till 10 P. M. daily except Sundays, at Room No. 4 Mechanics Hall building, besides other valuable privileges, to its members. Edwin Morse VicePresident; Phinehas Ball, Secretary and Treasurer; Wm. Knowles, Janitor.

The Mechanics Hall, erected by this Association, is one of the most spacious and beautiful in New England, and will furnish seats for about 2400 persons. There are eight entrances to the hall, and six stair-cases communicating with the floors below. The Hall has been newly frescoed and painted during the past season, and a Superior Organ of the largest size, manufactured by Messrs. E. & G. G. Hook of Boston, at a cost of $9,040, raised by subscription among our citizens, has been presented to the association, and been placed in the recess prepared for it. In comparing this instrument with the largest organs built in America, superiority over *all* others is claimed by its extensive selection of effective and beautiful stops, its improved and artistic voicing, and by the facility with which all is brought under the control of the performer—the three essential characteristics which correctly determine the size and rank of an organ.

Many rare and costly stops, and many new mechanical arrangements are introduced, and by means of the pneumatic lever, which is applied to the great manual, and connected by couplers to each of the others, all four manuals, comprising the thousands of pipes distributed throughout the various departments of

this large instrument, are operated with unusual ease and promptness.

The whole number of stops, pipes, &c. is as follows:

No. of stops of	Great Manual	14.	with	1160 pipes
" "	Swell Manual	16.	"	1090 "
" "	Choir Manual	10,	"	696 "
" "	Solo Manual	6,	"	348 "
" "	Pedale	7,	"	210 "
No. of Mechanical Registers		15,		
" Combination Pedals		10,		
Total		77		3504 pipes,

The pipes are supplied with wind by two very large bellows, the reservoirs of each containing nearly 200 cubic feet, each of different pressures, and controlled by mechanism in a room beneath the organ.

The whole occupies a space nearly the entire width and height of the rear end of the hall, with a depth of about 25 feet.

Washburn Hall, in the same building, is a very accessible and convenient Hall for an audience of five or six hundred persons.

Public Library Building.

This splendid edifice is located on the south side of Elm street, a few rods from Main. It was erected in 1861-2, for the safe keeping and distribution of the Free Public Library of the city; and it now affords room for that purpose, besides accommodating the Worcester District Medical Library, the Library of the Farmers Club, the Cabinets of the Natural History Society; and a Grammar School for girls is taught in the Basement.

THE FREE PUBLIC LIBRARY is in two departments. 1. The Circulating Department contains about 6000 volumes, which may be taken out freely for reading by any of our Citizens over 15 years of age. This has been largely used, the average number of takers having been over 200 daily.

2. The Consulting Department, or Green Library. This department contains 10,951 volumes, many of them very rare and valuable, mostly given to the city by Dr. John Green, with the condition that a suitable building should be provided for them, and that they should not be taken from the library room but freely read there at all times when the rooms are open.

This Green library is composed of books which have been purchased by the venerable Donor during several years for the specific purpose to which they are now appropriated, at a great expense, and embrace a very wide range of topics of interest to all classes of the community. When a catalogue shall be completed, (it is now in progress,) so that people can know something of the variety and value of this branch of the Public Library, a new interest will doubtless be excited, and the number of visitors largely increased. The value of this department to the public would be immensely increased if the rooms were open till one or two hours later in the evening,—the only time that the largest class of our citizens can devote to reading at the Library room.

The Library rooms are open from 9 A. M. to 1 P. M., and from 2 to 5, and 6½ to 8 P. M. Z Baker, Librarian; Mrs. Z. Baker and Miss C. Barnes, Assistants.

LIBRARY OF THE WORCESTER DISTRICT MEDICAL SOCIETY. This Library was commenced in 1798, by the gift of "fifty pounds value in books" by Dr. Elijah Dix of Worcester. It has since been largely increased by donations from Physicians, recently by the income of $5,000 bequeathed for the purpose by Hon Daniel Waldo. It contains about 3000 volumes, chiefly medical and surgical works, almost exclusively of the Allopathic school, which may be consulted by citizens at the rooms only, in exchange for which privilege the city furnishes the free use of the room and the services of the Librarian.

THE NATURAL HISTORY SOCIETY, now occupying two rooms in the basement story of the Public Library building, has adopted a new plan of organization, defining the objects of the Society to be, the cultivation of the study of Natural History and the formation of a cabinet of specimens with more especial reference to Worcester County. Regular meetings are held on the second Saturday evening of each month, and are attended with great interest. Reports are then made on specimens presented at former meetings or on some subject of particular interest to the naturalist; contributions are received and referred to the curators or members for report at subsequent meetings. Several field meetings have also been held, affording great pleasure and profit to those who have been able to enjoy them. The plan of opening to the public the cabinet rooms on Wednesday afternoons has been a decided success. Large numbers of scholars from our public schools have availed themselves of this opportunity to pursue their investigations in this elevating study.

OFFICERS.—President, Rufus Woodward, M. D. Vice President, Stephen Salisbury, jr.; Secretary, H. A. Marsh; Treasurer, Nath'l Paine.

The Worcester Co. Law Library Association is composed of the members of the Bar of the County. The Library is one of the most extensive and valuable in New England, containing about 2500 volumes. The books may be consulted by the citizens of the County as well as by the Court and Bar. A new catalogue has recently been printed. Joseph Mason, Geo. F. Hoar and T. L. Nelson, Directors. J. Mason, Secretary and Librarian. T. L. Nelson, Treasurer.

The Worcester Rhetorical Society was incorporated in 1853, "for mental and moral improvement, by means of Essays, Debates, and various Rhetorical exercises." J. N. Jacobs, Clark Jillson, J. H. Bancroft, J. H. Walker, and Eli B. Fairbank, Trustees. Geo. R. Peckham, President. Jesse B. Wheeler, Vice President. J. H. Bancroft, Clerk and Treas'r.

Worcester Lyceum. This time-honored association still continues in the field, with its annual course of Popular Lectures, though shorn of its former dimensions by the withdrawal of its Library to aid in forming the Free Public Library, and the Natural History Society Abraham Firth, President; Edward Earle, Vice. President: R. Hamant, Treasurer; Charles A. Chase, Secretary.

The Children's Friend Society continues its efforts to "rescue from evil and misery such children as are deprived of their natural parents," and provides for them, at its HOME on Shrewsbury street, until homes are found for them in suitable families. Donations of money or provisions always thankfully received and judiciously used. Miss Tamerson White, Matron; Miss Harriet Knight, Assistant.

Worcester Musical Society. This association has held an annual convention in Worcester, for improvement in Sacred Music, continuing four days, the time being occupied with instruction and practice, and two public Concerts. The Convention in 1864 numbered over 400 members. The "Worcester Organ" in Mechanics Hall will render its future sessions still more attractive than the past.

President—Samuel E. Staples of Worcester.

Vice Presidents—Wm. Sumner of Worcester, B. K. Deland of North Brookfield, Moses G. Lyon of Fitchburg, A. C. Munroe and J. H. Sampson of Worcester;

Recording Secretary and Treasurer—Wm. S. Denny of Worcester;

Corresponding Secretary and Librarian—Jas. D. Moore of Worcester; and 41 Directors.

Worcester Mozart Society. This is a musical association, composed of professors of music and others. The society meets for the rehearsal of sacred music, &c., Monday evenings during the fall and winter, and occasionally favors the public with concerts. P. W. Taft, President; D. H. O'Neil, Vice President; Geo. W. Fairfield, Secretary and Treasurer; B. D. Allen, Musical Director; Chas. Pierce, Libra'n; Seth Richards, L. H. Goodnow, Wm. Thompson, A. L. Benchley, and A. H. Hammond, Trustees.

The Bethoven Musical Society, is the name of a flourishing musical association of more recent organization. Rehearsals on Friday evenings at 263 Main Street. A. L. Rogers, President; Jos. E. Hastings, Vice President; W. E. Chandler, Secretary and Treasurer; Geo. W. Sumner, Librarian; William Sumner, Musical Director.

Worcester Co. Horticultural Society. J. H. Hill, President; E. W. Lincoln, Secretary and Librarian; F. Wm. Paine, Treasurer. The Annual exhibition of Flowers and Fruits in the Hall of this Society, in September, has attracted much attention, and given a great impulse to the cultivation of good fruit in this vicinity. During several years, exhibitions of Fruits, Flowers, &c., and conversations in relation to them, have been held at the Library room on Thursday afternoons, which have proved interesting to those who have been present. A Select Library of about 1000 volumes is open to members Thursday afternoons.

Worcester Agricultural Society. Charles E. Miles of Shrewsbury, President; Clark Jillson, Secretary; John D. Washburn, Treasurer. The society has nearly twenty acres of land on Highland st., west of the Court House, for the accommodation of its Annual Exhibitions, on which is erected a spacious Hall, and a half mile trotting park laid out.

Soldiers Relief Society. Office at the Soldiers Rest, No. 4 Foster Street. Mrs. Chas. Washburn, President; Mrs. M. H. Morse and Mrs. Jona. Aldrich, Vice Presidents; Mrs. E. A. Goodnow, Corresponding Secretary; Miss M. Bigelow, Recording Secretary; Mrs. Wm. Dickinson, Treasurer; 113 Main St. Articles of clothing, books and hospital supplies of every kind, are collected and forwarded to points where most needed for our sick and wounded soldiers. During the year ending Oct. 1st, 1864, $4148.11 in cash have been received and expended in the business, besides a large amount of goods and gratuitous labor.

Freedman's Relief Society. Room in Peoples Ins. Co. Building. This is an association of ladies for the purpose of aiding those who have been slaves in their transition to the duties and privileges of free men and women. During the past year they have forwarded ninety-five barrels or boxes containing new and second hand clothing, shoes, books, delicacies for the sick, &c., two to Nashville; five to Van Buren hospital, Louisiana; two to Beaufort, S. C.; eight to Vicksburg; five to Kansas; twenty to Norfolk; nineteen to Portsmouth; seventeen to Alexandria, and twelve to Newbern. These barrels have contained upward of nine thousand articles of clothing and bedding, and at a low estimate have been worth five thousand dollars. They also employ two teachers at Norfolk and will soon have two more in the field. The cash receipts have been $5035 28; cash expenses (for goods, &c.) $3632.13; leaving $1403.15 for further operations. They are glad to receive and use donations of old or new clothing, shoes, money or labor, as they have already done, from friends in Worcester and other towns. Mrs. Ichabod Washburn, President; Mrs. John Davis, Vice President; Mrs. Edward Earle, Treasurer; Mrs. Theo. Brown, Secretary.

The Young Men's Christian Association, composed of persons "wishing to labor together for the spiritual and intellectual improvement of the young men of our city," has opened a reading room at No 8 Mechanics Hall building, and proposes by a course of suitable lectures and other means to accomplish its laudable objects. Fred'k A. Clapp, President; H. R. Greene, Cor. Secretary, Walter Gates, Rec. Secretary; Geo. E. Smith, Treasurer.

Cemeteries.

The HOPE CEMETERY, New Worcester, is owned by the city. The beautiful location and the natural advantages of this spot, improved as they have been by the Commissioners in charge render it an attractive place of resort for citizens and strangers, and it is more and more visited as it becomes better known. Persons who wish, may secure lots by purchase, at from five to forty dollars, according to location, &c., by application to the City Treasurer; and provision is made for free burials if families are unable to purchase lots.

The RURAL CEMETERY, on Grove Street, is the property of a Corporation composed of the owners of the lots, which includes a large portion of our older citizens. Constant improvements and going forward there, showing the good taste of those having them in charge. It is managed by a board of Trustees. consisting of Levi Lincoln, President; Geo. T. Rice, S. Salisbury, H. W. Miller, F. W. Paine, F. H. Lovey. C. Harris is Clerk, and Geo. Chandler, Treasurer.

JOHN BARNARD,

DEALER IN

DOMESTIC & FOREIGN SLATE,

WORCESTER, MASS.,

Is prepared to furnish and put on Slate, of any kind or quality, at prices that will make it an object for all to use them, who have new roofs to cover, or old roofs that need re-covering. The safety from fire of a good slate roof, is an important item; and its great durability renders it by far THE CHEAPEST as well as THE BEST that can be put on a building, either in city or country. Slate of the kind mostly used by me, have been taken off from a building after sixty years service, and laid on other buildings, as good as new. The expense of keeping such roofs in repair, is very trifling; it having cost the owners but a small sum to repair all the roofs I have slated during the last seven years, amounting to at least 400,000 square feet.

The first cost of a slate roof, is but little more than a shingled one, while it will outlast three or four; and slate may be used to advantage on any roof fit for shingles. Roofs slated at the lowest rates, and warranted.

Fancy S ng done to Order.

Orders through the Post Office, will be promptly attended to.

PATENT EXCELSIOR

WEATHER STRIP.

The Scientific American says: This Patent Weather Strip effetcually prevents

WATER, SNOW, WIND, COLD and DUST,

From Entering the House underneath the Door,

While others only keep out the water. It is not liable to get out of repair,

Nor will it wear the Sill, Carpet or Floor Cloth,

like all others, in passing over them; but it is superior in every respect.

The undersigned is prepared to fill all orders at short notice.

STATE MUTUAL

LIFE ASSURANCE COMPANY,

OF WORCESTER, MASS.

HON. ISAAC DAVIS, Pres't, WM. DICKINSON, Treasurer, CLARENDON HARRIS, Sec'y.

Cash Capital and Accumulation, $667,786.

☞Applications for assurance may be made at the office of the Company,

No. 98 Main Street, Worcester,

And to its Agents, in the principal Cities and Towns in New England, New York, New Jersey, Pennsylvania and Ohio.

CALIFORNIA RISKS taken at a reasonable addition to the ordinary rates of Premium.

PAYMENT OF PREMIUMS. The Premiums adopted by this Company are calculated from the next succeeding birth-day, and are due and always payable in advance, and at the option of the applicant may be paid annually, or in a single payment for the whole term of life, or may be paid in five or ten annual payments, or all payments of premium may cease upon the assured reaching the age of 40, 45, 50, 55, 60 or 65.

The premium should always be paid punctually at the time when due; but when for any cause it shall not have been paid when due, upon satisfactory evidence of the party being in good health, the Company will receive the premium and revive the assurance. Yet the party, by the delay, takes the risk of sickness or death during the time, and may forfeit the benefits secured by the policy.

This Company has adopted the plan of allowing the premiums to be paid in five or ten annual payments, or in one premium for the whole life, the particular advantage of which, that after having made the payments for five or ten years, no further payment is to be made, but the representatives of the assured will be entitled to receive the amount of the assurance, and in addition the dividends which may from time to time be allocated to the policy; thus a person at the age of 30 will pay for five years the annual sum of $74.60 for an assurance of 1,000, amounting to $373.00 only; and his family at any time after the first payment shall have been made, should death occur, will be entitled to the amount assured, with any additions of dividends which may have been made. Or a party at 30 can pay the sum of $313.40 in one payment, after which no other payment is required, and still the family be entitled to the $1,000 assured, and the dividends which may have been added.

FORFEITURE OF POLICIES. This Company intends to render every facility to Policy holders to keep their Policies in force. They give sufficient notice of the time when the Annual Premium will fall due; but if for any cause the payment cannot be made at the time when due, the Assured is requested to give notice to the Secretary, and the Company will pay back the surrender value of the Assurance, or they will accept the surrender of any part thereof, and apply the amount to the payment of the premium upon the remaining part; or they will give a paid-up Policy for such an amount as the value of the old policy will justify; thus preventing any real loss to the policy holder.

CHARTER OAK LIFE INSURANCE CO.

HARTFORD, CONN.

CAPITAL AND SURPLUS OVER $1,000,000.

ORGANIZED A. D., 1850.

J. M. SCOFIELD, *General Agent, and Manager Massachusetts State Branch,*

Office No. 5 Brinley Hall, Worcester.

THOS. H. GAGE, M. D.; Examining Physician.

This Company offers superior inducements to those contemplating Life Insurance.

Its Manner of Dividends is of the most advantageous character.

It issues policies on all the popular plans known in Life Insurances.

It aids its customers in the settlement of annual premiums.

It has paid losses in over 300 lives, and has never *litigated* a single claim.

Dividends not only *declared* but *paid* annually.

Non-forfeitable and endowment policies issued.

Cautious, conservative, and safe, it is yet in the advance in the essentials of a progressive benevolent institution.

Its tables of mortality exhibit great prudence in the selection of risks, ranking with the lowest in the country.

Its ten year non-forfeiture Policies demand attention.

Pamphlets and blanks furnished and all information fully imparted, on application to the General Agent,

J. M. SCOFIELD, Room 5 Brinley Hall.

Persons contemplating insurance will find it to their advantage to investigate the workings of this Company.

Ratio of assets to liabilities 170, showing a bona-fide security of $170 for every $100 liabilities.

"Thing of Beauty is a Joy Forever."

MARTHA WASHINGTON HAIR RESTORER

IS A PERFECT SUCCESS!

1st. It is not a Dye.

2d. It will not color the skin.

3d. It will restore the hair from a GRAY to a beautiful Black, Brown, Auburn, or whatever might have been its original *color*, and cause it to assume its former beauty.

4th. It will cure all diseases and humors of the SCALP, keep the head cool and nice, remove all dandruff and scurf from the head, and give the hair a soft and silk-like appearance.

5th. As a dressing for the hair, it is a superb article; causing dry, harsh and wiry hair to appear as youthful as in younger days.

6th. Martha Washington Hair Restorer is as much ahead of any thing of the kind NOW IN MARKET, as the SUN OUTSHINES THE MOON in brightness and glory.

C. C. Bixby & Co., North Bridgewater, say:—"We are selling more of the Martha Washington Hair Restorer than all other preparations for the Hair, and it is giving good satisfaction in all cases."

ASK ALL THE DRUGGISTS

In Worcester, Springfield, Lowell, New Bedford, Fall River, Taunton, Newburyport, Plymouth, Portsmouth, and in fact, ask *any* dealer in medicines if they are not selling more of the

MARTHA WASHINGTON

THAN ANY OTHER ARTICLE.

POLAND'S
MAGIC POWDERS.

All other Discoveries in Medicine thrown into the Shade.

The enormous tax which has been laid upon glass ware and upon the various articles which I use in my medical preparations has pressed with great weight upon me, requiring a great capital to do a moderate business, and reducing profits so that no margin could be left for increasing capital.

Well, as *necessity* sometimes leads to study, in my case it set me upon intense thinking, and while concentrating thought, I was led to *concentrating* medicines.

The public have for years been acquainted with the fact that I prepare two medicines, in particular, that act upon the stomach, liver and bowels. These are the Headache Killer, especially designed for the sick and nervous headache, and the Humor Doctor, an excellent remedy for Humors. These have a wide reputation and a ready sale But the great advance in the price of glass ware, drugs, &c., as before intimated, called up a half-formed design, (laid aside for years,) of simplifying and concentrating the qualities of certain medicinal roots, chiefly, (not a particle of mineral,) so as to be used in minute doses, put up in a compact form, and avoiding the use of bottles or alcohol.

THE THING IS DONE!

For a year or more I have tried the Powders on myself, and have furnished them for many of my friends, and so finely have they operated that not a single failure has occurred. Obstinate

BILIOUS AFFECTIONS,

Producing Headache, Constipation, [illegible]ches, a Sallow Skin, Drowsiness, Dizziness, Heartburn, Palpitation,

and other disagreeable complaints arising from disordered Liver, have all disappeared as if by magic, by the use of these Powders. May they not with propriety be named

MAGIC POWDERS?

Those who use bottled medicines are often burdened with bottles that accumulate on their shelves. The mode of transmitting the Magic Powders obviate that difficulty, as well as the risk of bottle-breaking. *They will be sent in Packages through the Post Office.* Full directions in a circular will accompany each package.

Though the highly concentrated form in which these powders are prepared renders them exceedingly powerful, yet the small size of each renders it very safe.

Look now at the following particulars:

1. It is an invaluable medicine for all bilious affections.
2. It is a very cheap remedy, a package containing medicine enough to last from three to five months, for *fifty cents*, sent through the mail free, saving the trouble of going to the druggists for the medicines or paying expressage.
3. It is so thorough in its operation that *one package* will be all that the majority will probably need to effect a cure.
4. It is a fine substitute for Rochelle Powders, which many persons use after going to large suppers.
5. The dose is so small that none, however delicate their taste, will object to using it. Many other things might be said in its favor, but it is annecessary.

A genuine *fifty cents currency bill* sent in a letter to

J. W. POLAND & CO.,
MELROSE, MASS.

will secure a package sent by return mail.

☞ Write the address plainly to which the package is to be sent. Remember that you do not send to a fictitious name, but to J. W. POLAND, originator of the *White Pine Compound* and other remedies.
